

DIVISION OF PUBLIC and BEHAVIORAL HEALTH Policy

Control #	Rev.	Type	Title	Effective Date	Page
MME025	2		MME Production Facilities Demonstration of Knowledge	2015-11-19	1 of 1

1.0 POLICY

To reduce the risks inherent to the operation of a facility for the production of edible marijuana products or marijuana-infused products, and to ensure compliance with all aspects of NRS 453A and NAC 453A, all production agents must be able to demonstrate to the Division knowledge of disease prevention as required in NRS 453A.552.

Certification as a Food Protection Manager from an approved course is highly encouraged for all staff in order to meet the education requirement set forth by the Division. Approved courses include but are not limited to: ServSafe, National Registry, Learn2Serve, Prometrics and CP-FS.

2.0 PURPOSE

The purpose of this policy is to provide agents who work in a facility for the production of edible marijuana products or marijuana-infused products with an understanding of the requirement to demonstrate knowledge of disease prevention to the Division.

3.0 SCOPE

This policy applies to all agents involved with a facility for the production of edible marijuana products or marijuana-infused products.

4.0 PROCEDURE

Agents working in a facility for the production of edible marijuana products or marijuana-infused products should obtain adequate knowledge to prevent contamination of products during all stages of production by attending approved coursework.

Certification of all production agents from the approved course would bring the MME into full compliance with the requirements of NAC 453A.552.

NAC 453A.552 Person in charge: Demonstration of knowledge. ([NRS 453A.370](#))

The persons responsible for managing each such facility shall demonstrate to the Division knowledge of disease prevention, and the requirements of [chapter 453A](#) of NRS and NAC by:

1. Complying with the provisions of [chapter 453A](#) of NRS and NAC, and having no violations of a critical nature during inspections.
2. Attending appropriate courses and training and implementing an appropriate training program for all medical marijuana establishment agents engaged in the production of edible marijuana products or marijuana-infused products at the facility.
3. Responding correctly to the questions of an inspector of medical marijuana establishments.
